

saw that there was a whole 18-wheeler on top of our car. * * * I remember standing there and screaming, 'My life is over! All of my children are dead!'"

Martinez was convicted on last Friday and the jury now must decide if he gets probation or up to 20 years in prison for each of the four counts of intoxication manslaughter.

This is but one example of the thousands of terrible and fatal trucking accidents that are caused every year on our nation's roads and highways.

We need an agency within the government to ensure that the rules are adhered to and those safety technologies like recording devices are implemented into the system. I want to ensure, like many Members, that there are no more Mrs. Groten's in America.

Truckers are required to maintain logbooks for their hours of service. But truckers have routinely falsified records, and many industry observers say, to the point that they are often referred to as "comic books." In their 1995 findings the National Transportation Safety Board found driver fatigue and lack of sleep were factors in up to 30 percent of truck crashes that resulted in fatalities. In 1992 report the NTSB reported that an astonishing 19 percent of truck drivers surveyed said they had fallen asleep at the wheel while driving. Recorders on trucks can provide a tamperproof mechanism that can be used for accident investigation and to enforce the hours-of-service regulations, rather than relying on the driver's handwritten logs.

Mr. Speaker, I know that the trucking industry is concerned by the added cost of the recorders. I also appreciate the fact that close to eighty percent of this country's goods move by truck and that the industry has a major impact on our economy. But can we afford to put our wallets before safety? Ask yourselves where we would be without recorders in commercial aviation, rail, or the marine industry? I think that I have good idea what the answer is, we would not know what caused that accident nor would we be able to learn from our mistakes.

Mr. Speaker, let us vote today to put action behind our discussion and ensure that safety comes first.

Mr. RAHALL. Mr. Speaker, I have no further requests for time, and I yield back the balance of my time.

Mr. PETRI. Mr. Speaker, I yield back the balance of my time.

The SPEAKER pro tempore (Mr. SHIMKUS). The question is on the motion offered by the gentleman from Wisconsin (Mr. PETRI) that the House suspend the rules and pass the bill, H.R. 3036, as amended.

The question was taken; and (two-thirds having voted in favor thereof) the rules were suspended and the bill, as amended, was passed.

The title of the bill was amended so as to read: "A bill to restore motor carrier safety enforcement authority to the Department of Transportation."

A motion to reconsider was laid on the table.

GENERAL LEAVE

Mr. PETRI. Mr. Speaker, I ask unanimous consent that all Members may have 5 legislative days within which to revise and extend their remarks on H.R. 3036, the bill just passed.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from Wisconsin?

There was no objection.
